2021 4-H Chick Chain

The 4-H Chick Chain is a great way for youth to gain skills in the areas of animal science, poultry, responsibility and personal development. The 4-H youth will get 12 baby chicks (Australorps) in March/April (tentative delivery date to be set). They will raise the baby chicks and if we are able to hold a sale the youth will bring three (3) of them back to the 4-H Chick Chain Sale (this is tentative due to status of Coronavirus).

Requirements for the 4-H Chick Chain

The cost is \$40 for 12 birds.

There will be an orientation (virtual, required) in March for those participating.

You will keep a record book related to this project.

Extension Agent will make one or more home visits to check on the progress of the birds.

You are to bring back 3 birds to the 4-H Chick Chain Sale (if able to hold a sale).

At this time, we do not know the status of the Hamilton County Fair. If the Fair is held you are to volunteer for a minimum of 3 hours at the Poultry tent at the Fair and be present for the 4-H Chick Chain Sale (adults are encouraged to be present during volunteer time as well).

Payment information – you may pay by cash, check or money order payable to University of Tennessee. Deadline to register is February 15, 2021. No refunds after the deadline. See below for form and mailing address. If you need additional information contact Nancy Rucker at the UT/TSU Extension Hamilton County office, nrucker@tennessee.edu

Complete this information and return the portion below and payment to the Extension office by February 15, 2021. By completing this form you agree to the information above.
