4-H Chick Chain is a great way for youth to gain skills in the areas of animal science, poultry, responsibility and personal development. 4-H youth will get 12 baby chicks (Australorps, Rhode Island Reds, or similar, based on availability) in late April or in May (tentative delivery date to be set). They will raise the baby chicks and will bring three (3) hens to the 4-H Chick Chain Sale at the 2026 Hamilton County Fair. Note that residents of the city of Chattanooga will get 8 baby chicks, to comply with city code.
